

National MAFFI Memorial Book

To those who have led the way in the Model A Ford Hobby and have become part of our treasured memories. We have had a number of wonderful friends who have departed us for those great Model A's in the sky. While we are saddened by their loss, smiles come to our faces when we recall the great times we have shared. Let us remember them always.

These Fox Valley Region, Model A Restorer Club members have been honored by having their names entered into the National MAFFI Memorial Book.
